This Newsletter is brought to you for free and open access by RocScholar. It has been accepted for inclusion in Rochester Regional Health authored publications and proceedings by an authorized administrator of RocScholar. For more information, please contact Lisa.Buda@rochesterregional.org.
Patient-Centered Medical Home

The Patient-Centered Medical Home (PCMH) is a new care model intended to actively provide effective care by physician-led teams, where patients take a leading role and responsibility. The PCMH is emerging as a key strategy to improve health care access and outcomes, reduce total costs, and strengthen primary care.

If you would like copies of any of these articles, or if you would like additional information on this or any topic, please contact any Werner Library team member.
